Notice on the forecast of year-end dividend for the year ending March 31, 2012

Please be advised that Kubota Corporation (hereinafter “the Company”) forecasts the year-end dividend per common share for the year ending March 31, 2012 as follows:

(per common share)

	Interim dividend	Year-end dividend	Annual dividend
This fiscal year ending March 31, 2012	¥7 (paid)	¥8 (forecast)	¥15
Comparable previous year ended March 31, 2011	¥7	¥7	¥14

The Company believes returning profit to shareholders is its important mission and executes it through providing stable, sustainable cash dividends, and repurchase and retirement of its own shares.

Considering these policies of returning profit to shareholders and the Company’s current business performance, the Company intends to increase the year-end dividend per common share by ¥1 to ¥8 from previous year.

Accordingly, the annual dividends per common share for the year ending March 31, 2012 will increase ¥1 to ¥15, including the interim dividend of ¥7.

< Cautionary Statements with Respect to Forward-Looking Statements >

This document may contain forward-looking statements that are based on management’s expectations, estimates, projections and assumptions. These statements are not guarantees of future performance and involve certain risks and uncertainties, which are difficult to predict. Therefore, actual future results may differ materially from what is forecast in forward-looking statements due to a variety of factors, including, without limitation: general economic conditions in the Company’s markets, particularly government agricultural policies, levels of capital expenditures both in public and private sectors, foreign currency exchange rates, the occurrence of natural disasters, continued competitive pricing pressures in the marketplace, as well as the Company’s ability to continue to gain acceptance of its products.
